

DEER POPULATION GOAL-SETTING 2020-2023

Do you have thoughts about deer populations in the areas you work, live and recreate?

The Minnesota Department of Natural Resources wants your ideas about how to manage populations in deer permit areas in Minnesota.

STATEWIDE GOAL-SETTING BLOCKS

Goal Setting Process

Over the next four years, deer population goals will be updated for the entire state.

Based on public input, the goal setting process has been updated to include online public input opportunities.

Goal setting will occur each winter in the indicated years for each block.

HOW TO GET INVOLVED

Visit <https://go.usa.gov/xpuTP> for details on input opportunities, deer permit areas included in each block, and more information about goal setting.

For more information, please visit the website or contact Barbara Keller, DNR big game program leader, at 651-259-5198 or barbara.keller@state.mn.us.
